Waverley is a bungalow situated on Church Road and is two thirds up a hill about a ten minute walk from Hugh Town and a fifteen minute walk from the quay. It was built in the 1960s but has been extensively modernized. There is a front and rear garden which has garden furniture. The small drive way has chippings on it and there are two steps up to the front door.

On entering the bungalow there is a porch then the first room is the kitchen which has a dining table and six chairs. The washing machine and tumble drier is in a cupboard off the kitchen. To the front of the bungalow over looking Church Road is the lounge which accommodates six people. A door from the kitchen leads into the double bedroom which has a 4'6" bed. There is another door leading from the kitchen towards the rear of the building and this leads to a bathroom with bath, overhead shower, basin and wc. Next to the bathroom is a second bedroom with twin beds, and a wash hand basin. Next door is another twin bedded room with en suite shower room.

Pre-Arrival

We have a website which includes details on the various ways of getting to the islands. We ask for your travelling arrangements so that we can be at Waverley to meet you. We then show you around the house and answer any questions you may have regarding the facilities.

In the lounge there is a folder which contains tourist information and we are happy to discuss any queries you may have whether it be about the various boat trips around the islands or maybe about the various hotels which offer meals to non-residents and the restaurants on St. Mary's or the other islands.

All details regarding the Waverley can be found on our website. Please contact us for any further information you may need regarding access.
